VOL. LXXXIV. NUMBER 29

Village Trustees OK Study Of Zoning Map

Ronald Lasky of Antioch, center, who bowls with the Handicapped Bowlers Program at Bertrand Lanes, Waukegan, is being assisted in keeping score by Mrs. LaVerne Rintoul of Mundelein and S. L. Carrison of Waukegan. Mrs. Rintoul, president of the Lake County Woman's Bowling Association, represents a combined total of more than 16,000 bowlers from her association.

The Lake County Men's Bowling Association and the Waukegan Women's Bowling Association which annually give a generous donation to the Lake County Association for Crippled Children and Adults. Carrison, treasurer of the agency, was on hand to accept the donation which assists the therapy center in Waukegan.

Antioch's Planning Commission has been requested to make an overall study of the village's zoning map.

The proposal was made by the Village Board Monday night after the board learned that its building commissioner, Walter Delaney, faces problems in issuing permits on Park Avenue which is zoned for R-5 multiple family, but the lot sizes are below the size spelled out in the Zoning Ordinance.

Delaney has found that the lots are 50-foot in size and several less which poses for him a problem should a request be made for him to issue a building permit for multiple family. The ordinance requires 60-foot size and 9,000 square feet.

The entire situation came about when a request was made to move a home into the Park Avenue area. The home, it was discovered, was 48 feet high or 13 more feet than is allowed under the present regulation.

"I believe we should study the zoning throughout the entire village," said Trustee George Bartlett, "instead of doing it on a piecemeal basis."

"It would be cheaper," reported Village Attorney Edward Jacobs. "You would need only one public hearing."

Jacobs added, "You should control the development of the community, but under these circumstances, you don't."

"I don't believe you should take one street as an example, but take in the entire area," said Trustee Vern Barnstable.

"I believe we should let the Planning Commission do the whole thing instead of just one street," said Village Mayor Raymond Toft.

It was suggested that Park Avenue be given priority in the consideration by the Planning Commission.

Mayor Toft said the situation as it now stands puts Delaney in an embarrassing position whenever someone applies for a building permit for multiple family in the Park Avenue area.

The Planning Commission recommended that the village annex Zellerbach Apple Ridge Subdivision, located on the south side of Cross Lake, but the board took no action until it contacted owners of two lots in the subdivision to work out an agreement on the extension of Zellerbach Lane.

The E. H. Glenn and Sons, Inc. of Antioch, was given the bid to test drill for water on the Upper Grade School site west of Tiffany Road on its price of \$1,150.

If water is found on the site, it would give the village a fifth well. Presently, the village has four wells with only two in operation, and the other two on a standby basis.

The Gilded Cage at 406 Lake St. was given the contract to install drapery in the new police department building next to the village hall on its price of \$491.

Low Simon, owner of The Shoe Box at 919 Main St., has lodged a complaint with the village that outdoor carpeting in front of his store has been damaged when snow was removed from the sidewalk.

He wants the village to pay for several feet of the carpeting ripped up the past few weeks during snow removal. No action was taken on Simon's request.

The Planning Commission has recommended that the State Highway Department construct the Rte. 53 extension, east of the community.

Mayor Toft said plans by the state in the development of the highway extension which will end at the Wisconsin line are on file at the Village Hall where interested persons may inspect them.

"We don't know any more about the state's plans," he said. "The only thing I know is what I've read in the newspapers."

He said a public hearing on the proposed extension will be held at 7:30 p.m. Jan. 22 at the Lake County Fairgrounds at Antioch. (Continued on page two)

Mrs. Edmund Vos, right, president of the Antioch Township Library accepts a \$5,000 check from Mr. and Mrs. Clarence Spiering which will provide the furnishing and equipping of the multiple purpose room of the new library. The Spierings expressed the hope that their gift to the library would lead others to follow suit so that the institution would be well equipped.

PM&L Play Is Set

Palette, Masque & Lyre's second production at the Antioch Country Club will be "Any Wednesday" to be presented Jan. 16, 17, 23, 24, 30, 31, and Feb. 6 and 7.

For the ticket or dinner reservations call 395-3000 or 395-1217. This situation comedy stars Dr. Al Bucar as John, the millionaire businessman, Carol Brandy as his Wednesday night "date", Duane Wolf as Cass, the out of town businessman, and Pat Baum and Betty Waite, who alternate as John's wife.

The plot concerns Cass' surprise when he finds that the corporation's executive suite is occupied by Ellen who entertains the company president, John, there every Wednesday.

The plot is further complicated by John's wife Dorothy as she stumbles into the suite, and mistakes Ellen and Cass as a married couple.

45 From Antioch On List

There are 45 Antioch area men on the list for Project Vietnam, Chester Golonka, Antioch Post Office project committeeman announced.

Post office workers will meet next week to prepare this month's mailing of packages to our servicemen overseas.

Golonka said address changes and new arrivals in Vietnam should be reported promptly so that a current mailing list can be maintained. Relatives may send this information to the Antioch Post Office or to The Antioch News.

Golonka further stated that while this project sends packages only to those Antioch men in Vietnam we are equally proud of all our servicemen and women regardless of where they are stationed and we would like to have their photographs on the board in the post office.

Most recent donors to the project include: Mr. and Mrs. Nils Rosquist, Mr. and Mrs. William Garrick, Mr. and Mrs. Bernie Stadick, (Continued on page four)

Saturday Mass At St. Peter

Father Alfred J. Henderson of St. Peter's Catholic Church of Antioch announces that beginning January 10th, 1970 at 7:30 p.m. there will be a Saturday evening Mass at 7:30 p.m. and also the evenings preceding Holy Days at 7:30 p.m. The faithful may fulfill their Sunday and Holy Day Mass obligation by attending these Masses. This Mass is permitted only in parish churches. Those who begin to celebrate the Sunday or Holy Day obligation on the preceding evening may go to Holy Communion at that Mass even if they have already received Holy Communion in the morning.

According to Father Henderson it seems that extending the Sunday worship to Saturday evening could serve the needs of the people today and foster a better celebration of the liturgy without doing violation to the tradition of the Church.

Among the data suggesting a change are the following: 1. Some Christians are unable to worship on Sunday because of their obligation to work or can worship only with serious inconvenience. 2. The style of family life in our culture has changed. Mothers often find that their duties make participation to the Eucharist.

(Continued on page five)

Jo Maguire Retires From County

Mrs. Josephine Maguire of Waukegan, who was secretary to the Lake County Board of Supervisors for the past 17 years, retired Dec. 31.

She began her career with the coroner's office in 1939 and was named secretary to the board in 1944. During her tenure she served a dozen different county board chairmen.

Six former chairmen and most of the 37 members of the present county board honored Mrs. Maguire at a luncheon recently at which she was presented a plaque commending her for the years of dedicated service through a dozen different administrations.

She will move to Florida where she will reside with a son Edward.

V.I.P. Dance Is Set

St. Peter's will hold the 2nd annual Antioch VIP Dinner Dance on March 7.

And while the preparations are in progress, everyone is wondering who will be this year's VIP.

Anyone in the community is able to select a candidate as happened last year and then the dinner dance committee will pick the VIP from among the candidates.

Anyone may name a candidate and place their selection on the list by calling 395-1217. The final date will be January 15. Shortly after that date the committee will pick the VIP of 1970.

The VIP Dinner Dance is a benefit for St. Peter's and honors a person in the community. All remember the grand time that the occasion presented last year. It was a night to remember. This year they hope to have a grand repeat.

Last year a scroll was presented to the VIP with the names of businesses and people who wish to congratulate the VIP. A letter was sent out for this purpose. This year such a letter will not be sent out but a scroll will be presented and anyone who would like to have their name on it may do so by sending a donation and their name to VIP Dinner Dance Committee, 557 Lake St., Antioch.

AARP Will Meet On January 13

Antioch Area Chapter, No. 387 of the AARP senior citizen group will hold their first meeting for 1970 on January 13, in the Community Room of the Savings & Loan building.

Members and guests will gather at 12:30 noon to enjoy the serving of coffee and cake, followed by a business session starting at 1:30.

Those driving to the meeting should park in the municipal parking area just north of the Plaza area.

Robert C. Post, Lake County Crime Operating Director will be on hand to talk on the crime situation.

Guests are invited to attend.

Depke Depicts 1969 As 'Progress Year'

Reviewing the activities of the Lake County Board of Supervisors during 1969 Chairman Robert W. Depke described it as "a year of progress."

"Through the cooperation of the board we successfully completed action on some priority projects, and passed enabling legislation to initiate certain other programs which will directly, or indirectly, benefit the citizens of our county in the months ahead," he said.

Depke specifically cited: adoption of the Peat, Marwick, Mitchell & Co. proposal on certified accountability to eliminate much of the old-fashioned and burdensome paperwork; hiring of full-time purchasing agent to insure the best possible methods of volume buying; approval of a public works master plan to coordinate future water and sewer projects to serve all areas of the county; acceptance of a proposed 250-bed, \$3-million addition to the County Home to accommodate

more general assistance patients. Passage of a nuisance ordinance to help stop pollution of the land by solid waste was also cited along with approval of a 5-year, \$266-million road improvement program; appointment of the Housing Study Committee to determine the dwelling needs of the mid 1970's and how county government can help; appointment of the Health Service Planning Committee to survey the tax-supported medical institutions and possibilities of coordination with private health facilities. Establishment of a full-time salary for the board chairman, thus taking per-diem out of the top executive's post was named and providing county employs with a group life insurance plan to put their jobs on a par with private industry.

"Looking to the problems facing us in the new decade to come," the chairman said, "We must act with determination in (Continued on page two)

Henderson Is Named Wire Chief

A Deerfield resident, Wayne F. Henderson, has been promoted by Illinois Bell Telephone Company to wire chief in Antioch. In this new assignment he will supervise the 51 employees who are responsible for the installation and maintenance of all telephone equipment in the area.

Henderson, who holds a Bachelor of Science degree in Industrial Engineering from Purdue

Henderson

University, joined the company as a management assistant in 1964. For four years he served with the U.S. Marine Corps in Vietnam and Hawaii, returning to the company as an assistant staff supervisor.

He and his wife, Bea, live at 1015 Warrington with their two children: Kelly, 4, and Kevin, 1. They attend Holy Family Catholic Church.

Henderson is a member of the telephone company's North Suburban Volunteer Speakers Bureau and Company Commander of H. Company, 2nd Battalion, 24th Marine Corps Reserve located in Waukegan.

Filings Could Go Up

State's Attorney Jack Hoogasian says with sufficient manpower his office could file 500-1000 suits per week against individuals who are delinquent in payment of personal property taxes.

"However," he continued, "in order to process that volume of cases it would also necessitate magistrates and clerks to handle the backlog of paperwork it would create."

Presently the states attorney is filing about 150 suits each week relating to back taxes. During 1969 this resulted in the collection (Continued on page three)

Curtailement Of DDT Won't Affect Crops

Prohibition of DDT use in Illinois will not affect agricultural production.

Ray T. Nicholas, Lake County Extension Adviser says DDT use phaseout started in 1950 and was nearly complete by 1960. 1964 marked the last year DDT was used to any extent, even on minor insect problems. And the 1970 pesticide-use suggestions do not include any DDT recommendations for agricultural purposes.

Nicholas says some pesticide users still may have small amounts of DDT on hand. Left-over DDT should be taken to a sanitary land-fill or buried.

If buried, the site should be at least 50 feet from any well or surface water. And the DDT should be covered with about 3 feet of soil.

Above all, don't flush DDT down drains or dump it in streams, Nicholas warns. Such disposal methods could cause serious stream contamination.

Users with large amounts of DDT on hand should check with the State Department of Public Health for suggested disposal methods.

JohnSterley Dies At Age 72

The former chairman of the Lake County Zoning Board of Appeals, John M. Sterley, 72, of 330 W. Cook Ave., Libertyville, died Dec. 25. Private services were held the following day.

Mr. Sterley was first appointed to the Zoning Board in July, 1963. He became chairman the following year and served in that capacity for five years. His resignation was received Dec. 24, the day before he died.

Sterley was the sixth chairman since the Zoning Board was created 30 years ago. Under his leadership the size of the board was expanded from five to seven members just last fall.

Survivors include his widow and one daughter in Libertyville, and two sons in California.

Mothers To March For Dimes

Once again the mother's of our community are getting ready to make their door to door visit to accept donations for that most worthy cause, "The Fight Against Birth Defects."

The mothers we already have are doing a tremendous job and invite anyone who wishes to help to please contact Mrs. Ruth Reband at 395-2670.

Mrs. Reband is the Community Chairman for this year's drive, and will welcome anyone who can help to insure that this year's campaign will be 100% successful. (Continued on page two)

EDITORIAL

Con-Con Working

The Illinois Constitutional Convention reconvened this week after a well-deserved holiday recess—and we are certain—will continue to show the people of the state that it means to do best possible job in writing a new Constitution the people will approve.

And we say that in the complete knowledge that none of the 116 constitutional convention delegates comes from the Antioch area.

From what we have seen of the convention deliberations to date, we are quite optimistic that the convention product will be the proper compromise between what the "experts" say a constitution should be and what might reasonably be presumed what the people will approve.

And that latter is all-important.

Because, if the convention product goes down at the polls, then all the preparations—and the work—and the expense—will be for naught.

Delegates to the constitutional convention have already shown that they are serious-minded, dedicated and independent. And that is all to the good.

In fact, the Antioch area has a member of the Illinois General Assembly—Rep. W. J. Murphy—who has shown exactly those same attributes through the years. And the Antioch area has profited by it.

The constitutional convention has already demonstrated that it wants to do an A-1 job by carefully selecting its officers on a bi-partisan basis from all parts of the state and by adopting permanent rules that makes it crystal-clear that it wants the people to have a voice in this "people's convention."

When the convention reconvenes this week, it will face an all-important task—deciding what conflict-of-interest provisions there should be for the convention delegates themselves.

We would hope that the delegates have thought long and hard among themselves over the holiday season and will come up with a decision that will ensure the confidence of the people in the state.

For it is primarily the delegates themselves who will have to "sell" the people of Illinois on whatever proposed Illinois Constitution they decide upon. And, therefore, the people must have confidence in the writers of it.

So far, the delegates have done well. And we hope—and trust—they will continue to do so.

After all, it isn't often that the people of the state get the opportunity to decide on what the basic law of their state—the State Constitution—should be. And now is the time.

He Will Be Missed

Lake County lost one of its most valiant supporters this week.

Highway Superintendent Melvin E. Amstutz died Monday of a heart attack.

Anyone who knew Mel Amstutz will sorely miss him and the county has suffered a great blow by the untimely death of a man who for 45 years dedicated himself to the advancement of the Lake County highway system.

There were many times when Mel Amstutz was frustrated in his job for the people but he continued on in a manner that put the Lake County department second to none in the state and, indeed, a model for the nation.

Mel Amstutz was about to retire.

He will now never see that much deserved retirement.

His program for improvement of Lake County roads, however, will go forward.

He left an able assistant behind.

But even though he is gone, Lake County can move forward because of the planning of the man, a giant in the business of making better roads.

Letters to the Editor

On behalf of the Board of Trustees, staff and faculty of the College of Lake County please accept our most sincere thanks for your enthusiastic support of the recent College bond referendum. Your endorsement of the College's program was very influential in your community. Without your support, the program of the College would not have been successful.

The bond issue not only insures that the College will have permanent buildings, but it will allow us to plan additional programs that will benefit all the citizens of our district.

We are looking forward to continuing our fine relationship and seek your assistance in keeping our constituents informed of the plans and progress of the College.

Thanks once again for your enthusiastic support.

Sincerely,
Richard Erzen
President

SS Increase
Need Not Be
Applies For

Social Security beneficiaries need not apply for the 15 per cent benefit increase just signed into law by President Nixon.

"Every one of the 25 million men, women, and children now on the benefit rolls will receive the increase automatically," Robert M. Ball, Commissioner of Social Security, said.

"The first regular check in the new amount," Commissioner Ball said, "will arrive April 3, the usual day for delivery of benefit checks covering payments for the month of March."

A separate check in the amount of the benefit increase for the months of January and February will reach beneficiaries later in April, probably during the week of April 20.

Refiguring the benefit amounts of the 25 million men, women, and children now on the benefit rolls is a tremendous task, Commissioner Ball pointed out, and it must be done without disrupting the regular benefit payment cycle.

About one out of every eight Americans is now receiving a Social Security check each month. Commissioner Ball said. As of the end of December, these monthly payments totaled \$2.2 billion and the monthly total will go up by \$345 million to more than \$2.5 billion as the 15 percent benefit increase becomes effective.

The average retirement benefit of \$100 a month will rise to \$116 per month; a couple 65 or older receiving the average couple's benefit of \$170, will have their benefit increased to \$196; the average benefit for a family made up of a disabled worker, wife and one or more children will go up from \$237 and average payments for a widow and two or more children will rise from \$254 to \$282.

ALONG THE WAY with Annie Mae

HOME AFTER THE HOLIDAYS

Frank and Louise Johnson and their two sons flew to Amarillo, Texas, to welcome in the New Year with Frank's brother Bob and wife Doris and family. They were hoping for nice weather, but were greeted with snow!

Police Chief Jack Davis, wife Betty and children drove to Louisville, Kentucky, to spend the Christmas holidays with Betty's family.

Mr. and Mrs. Chandler spent some hours on Christmas Eve day swimming in the ocean at Miami. They were visiting their daughter and Mr. Chandler enjoyed the pleasure of seeing his newest grandchild for the first time.

NEW OWNERS?

Hear tell that new owners will be taking over "Smiley's Place" real soon.

DON'T GO NEAR THE WATER

Snowmobiling is sure the "in" sport this winter. We were advised by some unfortunate people who have ventured too close to the open waters and have gotten dunked (not to mention the loss of a snowmobile) to stay away from the channels. Our scuba divers aren't too fond of cold water either.

FISHING DERBY
PANCAKE BREAKFAST

Sunday the Ice Fishing Derby at Channel Lake and the Pancake Breakfast at Channel Lake School will be coming up. Hope it warms up some for the ice fishermen.

GOOD SKATES

Several Antioch people are spending their hours helping to flood the ice skating area at the Little League field. Someone turned the water off while the flooding was going on and froze all the hoses! It will be a great place for ice skating fun.

SOCIAL EVENTS
COMING SOON

Chamber of Commerce Dinner Dance is set for January 24 and chairman John Romer promises an entertaining evening for all. Another V P Dinner Dance is also in the offing and some plans are being started for a benefit dance for Little League. Waiting for a January Thaw, ANNIE MAE

National fraternities have chapters on 21 campuses in Illinois.

The University of Illinois chapter of Tau Kappa Epsilon has initiated 1,167 members, more than any TKE chapter.

Mothers To March...

(Continued from page one)

The funds collected in this drive will be used for the fight against Birth Defects which strike an estimated 250,000 infants annually.

Some 111 Birth Defects Centers are at present being supported through this campaign.

Two recently licensed vaccines have made it possible to prevent birth defects due to RH Blood disease and German Measles.

Further research is still needed to uncover more preventive measures in fighting many of the other categories.

We have a good beginning, now we must not let up till we reach our goal. Vigorous action must still be pursued and generous contributions are vital in order to attain our objective.

Depke Depicts...

(Continued from page one)

Still heading the list of demands is adequate housing, as brought into focus by the final report of the Housing Study Committee, and sufficient water and sewer facilities to handle the anticipated population growth of our county in the next five years.

Since 1934 over 11,000 men have been initiated into college fraternities every month.

Village Trustees OK

(Continued from page one)

Trustee Irv Walsh will join Trustee Barnstable and Mayor Toft in attending the meetings of the Lake County Municipal League. The league's next session is Thursday at the Mundelein Police Department.

Mayor Toft announced that Richard Foss of Mundelein has resigned as president of the county league which was reorganized about two years ago after it was permitted to lapse for lack of interest.

The board renewed the village's membership in the Illinois Municipal League by paying the annual dues of \$132.

The board authorized the investment of \$82,000 of village funds in government treasury bills to enable the village to get a higher interest return on its unexpended monies.

The unspent funds formerly were invested in certificates of deposit where the interest yield is not as great as treasury bills, it was said.

The village money comes from various funds, according to Village Clerk Marilyn Sterbenz.

The December police report showed that 41 tickets for overtime parking were issued. The police department issued 24 traffic tickets and three non-traffic citations. There were 16 acci-

dents on public streets. Six incidents of thefts and burglaries were listed in addition to four cases of vandalism and four juvenile cases.

There were 784 radio transmissions during the month.

The police department was authorized to purchase 100 American flag emblems at 60 cents each to be used as shoulder patches on the shirts of Antioch policemen. The cost is \$60.

Foster Grandparents Program Successful

Chicago's Foster Grandparents Program is proving what love can do, according to Dr. Maria Piers, a nationally known expert in early childhood development.

Children who are ignored, cut off from adult contact and love, can face a "total deterioration of the intellect" with lifelong crippling effects, Dr. Piers said. "In Foster Grandparents we have a preventive program that can salvage children from the pernicious influence of neglect, can save dropouts," continued Dr. Piers, who is dean of the Erickson Institute for Early Childhood Education and a member of the Foster Grandparents Program's technical advisory committee.

"We have seen the positive results of the daily, loving contact between children and adults in the Foster Grandparents Program and know that this can make a terrific difference," she said, "but the program should be carried out on a much larger scale."

"Every institution or agency caring for children could benefit from the program."

The Foster Grandparents Program, administered by the Division for Senior Citizens of the City's Department of Human Resources, is conducted under a grant from the U.S. Department of Health, Education and Welfare, U.S. Administration on Aging, through the Chicago Committee on Urban Opportunity.

With the assignment of four Grandparents to start work this month at the DePaul Settlement and Day Nursery, 2145 N. Halsted St., 54 Senior Citizens now are working daily at six institutions and agencies where they visit, play with and love children who need special adult attention. Everyone concerned with the program has praise for it.

Grooming Code To Be Studied

A meeting has been set for next Monday night at 7 p.m. in the Antioch High School cafeteria of a committee called the Grooming Code Advisory Committee.

The main function of the committee will be to review the existing grooming code to determine if it is necessary to make any changes.

Chairman of the committee will be Guidance Director Edward Kurek. Students named to the committee include Kevin O'Neill, Dave Longly, Donna Harvey, Pat Holman, Mike O'Neill, Diane Vos, Dawn Ellis, Chuck Laine, Bud Newton, Brian Zale, Kathy Walpole, Lynn Hall, Bill Vitek, Ron Tumminello, Georgianne Bury and Gayle Racine.

Teachers named include Norman Hahn, Mrs. Barbara Larson, Phyllis Falotico. Named from the Parent-Teacher association were Mrs. Dorothy Nelson, Mrs. Mary Chase, Mrs. Mike Gross. Named from the board of education were Bette Meyer, Dr. Albert Bucar and Robert Denman.

Representing the administration will be Arthur Bleeke, Dean of Boys, Elaine Weidner, Dean of Girls, and Kurek.

The ACHS Teachers Association met after school last Monday and Ken Smouse explained the survey results taken in March concerning the strength and weaknesses of the nine weeks grading period. Each of the schools surveyed favored the nine weeks grading.

Highway Dept. Saves Cash

A considerable savings on the purchase of pick-up trucks and station wagons for use by the Lake County Highway Dept. has been brought about through efforts of the County Board's highway committee.

Headed by assistant supervisor John A. Shafer of Benton Township, the committee has encouraged the purchase of used vehicles whenever possible. In each instance the chief mechanic for the department made a thorough inspection before any resolution was approved to buy.

Superintendent of Highways M. E. Amstutz says over 100,000 additional miles were logged on some of these "second hand" vehicles after being acquired.

The savings to the county amounted to as much as one-half to one-third the original price of a new wagon or truck.

"We have seen in the two years that Foster Grandparents have been working that children are benefitting immensely from the program," said Robert J. Ahrens, director of the Division for Senior Citizens. "The Foster Grandparents themselves benefit not only from added income but from the worthwhile, rewarding activity in which they are involved."

At the Illinois State Pediatric Institute, 1640 W. Roosevelt Rd., 19 Grandparents work with severely retarded children aged 9 through 12. They frequently accompany the children for vigorous outdoor play or engage them in quiet exercise and activity.

"The results obtained here have been very rewarding," said Thomas Herzog, R.N., director of nursing service at the institute. "While the activity is very important, perhaps an even larger benefit is the undivided attention and personal contact with one consistent adult."

Foster Grandparents also are working at the Chicago Child Care Society, 5467 S. University Ave.; Cook County Children's Hospital, 700 S. Wood St.; Mary Crane Nursery School, 2905 N. Leavitt St.; and Chicago State Hospital, 6500 Irving Park Blvd. In a nursery school setting, Foster Grandparents comfort small children who are fearful and lonely on being away from home for long periods every day; they dry tears and help make lunchtime happy; they sometimes take children on short outings, as to a nearby library.

A Grandparent can give undivided attention to a child who is overwhelmed by group activity. Most of the Foster Grandparents have raised families of their own and many have backgrounds that include work with children, although this is not a requirement for employment.

They must be 60 years old and have other income limited to \$1,600 for an individual or \$2,100 for a couple. They work four hours each day and are paid \$1.60 an hour. Each Grandparent attends a

Lake-Cook Farm Supply Meet Jan. 8

E. E. Elsberry, 7226 Grand Ave., Gurnee, Vice-President of Lake-Cook Farm Supply Company, 997 Lee St., Des Plaines, has announced the Company's annual meeting will be held Thursday, Jan. 8 at 11:30 a.m., at Lake County Farm Bureau Building, Rte. 45 north of Rte. 120, Grayslake.

Elsberry said that a group of retired persons will present a program, "A Harvest in Golden Years". They will tell about their

Elsberry

contributions to society, interesting hobbies, and various programs for senior citizens. One of the participants is Arvid Olson, 320 Parmalee, Waukegan who will show his outstanding wildlife movies.

Elsberry, a grain farmer, is treasurer of Lake County Farm Bureau and past president of Lake County Fair Assoc. The Lake County agricultural leader extends an invitation to all rural and urban patrons and stockholders to attend. A free hot beef dinner, will be served at noon combined with a friendship hour.

The Company's seven stores are located at 301 Center St., in Grayslake, and Lake Zurich, Zion, Arlington Heights, Schaumburg, Des Plaines and Tinley Park, and deal in supplies for lawn, garden, farm, orchard, estate, nursery and industry.

Fuel oil and power fuels are delivered to urban and rural residents. The Company has been closely allied with the University of Illinois Agricultural Extension division, Conservation groups and Farm Bureau in its services.

10 day orientation course before assignment and in-service training sessions held monthly.

Miss Anne C. Johnson, Foster Grandparents Program director, said that applications are being accepted in her office at 203 N. Wabash Ave.

"We have many qualified applicants on file, but are always interested in hearing from others," she said. "As the program expands we need people from different parts of the city, and sometimes, with special qualifications or interests."

During 1970 the Foster Grandparents Program plans to expand into as many new locations as possible and also to provide technical assistance to agencies interested in establishing such programs without outside financing. Another objective for the new year is to explore the placement of Grandparents in other types of programs for children, such as Head Start.

Antitrust Suit Files Against Five

The Home Builders Association of Greater Chicago and 24 of its members filed a civil antitrust suit here in U.S. District Court against five manufacturers of gypsum wallboard for damages resulting from alleged pricefixing.

The builders filed the suit on behalf of themselves and over 300 other builder members of the association, seeking treble damages which could amount to in excess of \$2,000,000, according to Robert Widdicombe, Jr. executive vice president of HBAGC.

The suit charged that the defendants entered into a conspiracy to fix uniform arbitrary and non-competitive prices at which gypsum wallboard would be sold. The suit further alleged that the defendants utilized The Gypsum Association as a means to schedule and arrange for meetings and to coordinate the efforts of defendants and co-conspirators.

Named as defendants in the builders' suit are U.S. Gypsum Co., Chicago; National Gypsum Co., Buffalo, N.Y.; Kaiser Cement & Gypsum Co., Oakland, Calif.; Fibreboard Corp., San Francisco; Flintkote Co., New York; and the Gypsum Association, Chicago. The defendant manufacturers make 98% of all gypsum wallboard, the suit alleged.

Widdicombe said that the Home Builders of Chicago, a division of HBAGC, filed a suit last spring against 15 plumbing fixture manufacturers charging similar pricefixing activities. Widdicombe said that HBAGC will sue any supplier found fixing prices on products sold to builders.

Widdicombe said the suit was part of HBAGC's on-going effort to keep the cost of housing as low as possible.

4-H Photo Training Program Set

Lake County 4-H members will have the opportunity to receive professional Photography Training during January and February.

The training will be conducted by Mr. George Schneider, Wadsworth. Mr. Schneider will ex-

Clergymen Clinical Program Set

Applications are being taken from qualified clergymen by the Veterans Administration for its third clinical education and training program to begin on July 1. The clinic will be held in VA hospitals at Bedford, Mass., Houston, Tex., and Martinez, Calif.

According to Chaplain Roger O. Braaten, director of VA Chaplain Service, there are openings for nine stipended and several non-stipended training positions. Length of the programs vary from nine to 12 months.

The clinical training provides opportunities to study in depth the experience of sickness and injury. Emphasis is placed on the integration of medical, behavioral and religious insights in order that chaplains may make a maximum contribution to the healing process.

VA chaplain supervisors direct the programs. Cooperating in the clinics are the Boston Institute of Theology, Institute of Religion of Houston and the Graduate Theological Union in Berkeley.

Basic qualifications for participants include a bachelor of arts or science degree and a bachelor of divinity degree, or their equivalents, from accredited schools. Deadline for application is March 1. Clergymen should write to the Director, Chaplain Service, Veterans Administration, Washington, D.C. 20420.

Farm Record Book Aids Tax Reporting

The Illinois Farm Record Book can save you money and take some of the confusion out of tax-filing time, reports J. E. Wills, University of Illinois farm management specialist.

Wills says all farmers need good records — especially as farm businesses get larger and income tax filing becomes more complicated.

U-1, Extension agricultural economists developed the Illinois Farm Record Book to meet the need for a farm-record system that fills tax-reporting requirements.

And, you can save tax dollars by including expenses which you might otherwise overlook, Wills adds.

Part II of the record book contains a five-year depreciation record for machinery, equipment, motor vehicles, breeding stock and soil and farm improvement.

You can enter yearly totals on special summary pages which are

plain various techniques of photography outlined in the member's manuals and explain what is expected for exhibits at the county 4-H Show.

According to Dennis Hertz, Lake County Assistant Extension Adviser, the first session will be conducted Saturday, January 10, at 1:00 p.m. This session will be for 4-H'ers enrolled in beginning or Unit I Photography. A second session for Unit I photographers will be Tuesday evening, Feb. 3, at 7:30 p.m.

The additional meetings for each of the 4-H photography units are as follows: Unit II members, 7:30 p.m., Jan. 13; Unit III members, 7:30 p.m., Jan. 20; Units IV and V members 7:30 p.m., Jan. 27. All meetings will be held at the 4-H and Extension Building Auditorium on Rt. 45, 1/2 mile north of Rt. 120.

Pedestrian Safety Urged By Safety Commission

Last year in Illinois many pedestrians were killed in traffic accidents, states the Lake County Safety Commission. Most of these pedestrian deaths occurred in midblock, not in pedestrian crossings. Children under 15 years of age were the most common pedestrian offenders.

Pedestrians are required to obey the traffic rules as well as are motorists. All drivers are twice pedestrians every time they use their cars — once before they get into their cars and once when they get out of their cars after parking. Play it safe by obeying the rules of the road and using common sense.

Pedestrians should look left, then right before crossing a street or highway. Remember, says Jerry Klebe, Executive Director, the car on your left is closer to you and could hit you first. After you cross the center line, the car on the right is the one to watch.

When you walk in traffic cross only on the green light or "walk" signal at signalized intersections. Look out for that car making a right turn from your left. He may not see you before it is too late!

Adults should set good examples for children to follow when walking in traffic. Pedestrian safety taught in school will have little effect on the child whose parents disregard safe walking rules. Children are more apt to "do as you do," rather than "do as you say."

When walking on rural roads or where no sidewalks are provided, be sure to walk to the left facing traffic. Step off the road to the left when traffic approaches and when at night wear something white.

coded to tax Schedules D and F as a guide for completing your farm income-tax returns, Wills explains.

In addition to complete tax information, the record book also provides a summary of farm income and crop and livestock enterprises to aid in evaluating alternatives.

Last year, more than 10,000 farmers used this do-it-yourself record keeping system, Wills notes.

Ray T. Nicholas, Lake County Extension adviser, has a supply of Illinois Farm Record books for 1970. Contact him at the Cooperative Extension Service Office, Lake County Fairgrounds.

THE ANTIOCH NEWS—3 THURSDAY, JANUARY 8, 1970

2 Rescued From Lake

Fred and Doris Yost, both 47, of Chicago, were pulled to safety Saturday from Channel Lake after their snowmobile plunged through the ice near Linden Lane.

A Berwyn man and his son, Joe Kosar and Joe, Jr., were credited with rescuing the couple from the icy channel.

The father and son spotted the couple in the water, and with ropes and toboggan pulled them out.

"The snowmobile was rented from the Slide Inn of Antioch."

The couple was treated for exposure at the Antioch Clinic where they were taken by the Antioch Rescue Squad.

Filings Could Go...

(Continued from page one)

of about \$500,000 in delinquent personal property tax.

Explaining the process whereby delinquencies are brought up to date, Hoogasian said by the time his office becomes involved the taxpayer has already received four notices. Should the individual refuse to pay or fails to appear in court on the day his hearing is set, he will be cited for contempt.

Then the person will be forced to pay the delinquent tax or be jailed.

In the matter of real estate, Hoogasian explained that a tax sale is held each year, usually in November following the second penalty deadline and 30 days after legal notice has been published in the local newspaper. If the owner fails to redeem the taxes, plus penalties, within two years the deed is transferred to the buyer.

Benedict Ori, 31, of Highland Park has been named first assistant states attorney for Lake County. Ori succeeds Robert Smart who resigned effective Jan. 1 to enter private practice.

A graduate of St. John's University and the John Marshall Law School, Ori has been with the state's attorney's office since 1967.

In making the announcement, Hoogasian said Ori will assist him in the administration of the office and be in charge of felonies, misdemeanors, and aid in conducting investigations.

THE ANTIOCH NEWS—THURSDAY, JANUARY 8, 1970

Legion Auxiliary

By Del Jahneke

The Antioch American Legion Auxiliary No. 748 will hold their regular business meeting on Monday, Jan. 12, at 8:00 p.m., at the Antioch American Legion Home. Mrs. Ray Rathmann, President, will conduct this meeting.

Mrs. Bernard DeVries, Junior Activities Chairman, and Mrs. Rathmann accompanied junior members, Colleen DeVries, Susan Rathmann, Annette Zikus, Mary Terry and Carolyn Winkler, while they sang Christmas carols at Downey Hospital shortly before Christmas. The girls joined the 10th District Juniors at their annual carolling at Downey Hospital.

The hostess chairman is Mrs. Bernard Stadick, with Mrs. Clarence Larson, Mrs. Harold Ellis and Mrs. Edna Rathmann as committee members.

Mrs. Walter Hills, Americanism Chairman, states that she will soon be contacting all the grade schools and the Antioch Community High School to see how many students will be participating in the annual state Americanism essay contest. This year's title and subject matter will be: "WHAT'S RIGHT WITH AMERICA?" There are three classes: Class I—seventh and eighth grades; Class II—freshman and sophomores; and Class III—juniors and seniors. The Antioch Unit gives cash prizes in all three categories, to the first, second and third place winners. All first place winners go into District competition, from there to Division competition, and lastly, state competition. Classes I and II, first place state winners receive \$50.00 savings bonds; and Class III winners receive a \$300.00 scholarship check. Second place winners, state-wise in Classes I and II receive \$25 savings bonds, and Class III winners are presented a \$50.00 savings bond by former Congressman Roland Libonati. All Tenth District American Legion Auxiliary first place winners are awarded a \$25.00 U.S. Savings Bond. There have been several hundred entries in this Americanism essay contest each year for some time. Antioch has had a number of students who have won locally, and also, in district, division and state competition. Mrs. Hills

Announce Engagement

Mr. and Mrs. George S. Burke of 2108 Dover Road, Waukegan, have announced the engagement of their daughter, Deirdre Dulcie Burke to Douglas William Lang, son of Mr. and Mrs. H. William Lang of Antioch.

Miss Burke graduated from

Deirdre Burke

Crown Point High School and is employed by the American Oil Co. in Chicago. Mr. Lang, a graduate of Antioch High School who attended Illinois State University and graduated from Mid-state College, is employed by the National Biscuit Co. in Skokie. A July wedding is planned.

hopes that this year will be one of the finest in student participation in this contest. Any further information may be obtained by contacting Mrs. Walter Hills.

Auditions Set For Teen Talent

Auditions for the eighth Talent-Teen tour of Europe will be held Sunday, Jan. 18, at Washington school auditorium, Itasca, Ill., according to George F. Koehnke, president of the Talent-Teen Foundation, which conducts the student study tour.

A film of last year's tour will be shown at 2 p.m. and the auditions for membership in the 1970 troupe will start at 3 p.m. The public is invited to see the movies.

Membership in the troupe is open to singers, dancers, musicians, and novelty acts. Teens who wish to further their education during the summer are invited to audition. Character is as important as talent, the troupe will do good-will concerts and the usual sight-seeing. Teachers and chaperones will be with the tour at all times. They will perform and they will be coached by professionals.

Each member of the four pays the same cost, the tour will leave O'Hare airport on July 20th and fly direct to London, on a BOAC jet then visit five countries by a special motor coach. The total cost is \$823.00, which includes the plane trip, motor coach, hotels, most meals, taxes and special sight seeing trips in the Alps and to shows. The three-week tour will return from Paris back to Chicago on August 10th.

Members of the tour who have been accepted already are from San Jose, Calif., Walnut Creek, Calif., San Francisco, Calif., San Bruno, Calif., Arcadia, Calif., Anaheim, Calif., Knoxville, Tenn., and Indianapolis, Ind.

This is not a contest, members pay their own way, a few \$100 scholarships will be awarded to the tour. About a dozen concerts will be given in Europe, they will perform in England, Holland, Germany, Switzerland and France for students and American G.I.'s. For information write Talent-Teen, Itasca, Ill. 60143, or call Sharon Warner, 392-2331.

ALTAR AND ROSARY

The ladies met January 5 for their regular meeting, after which refreshments were served by Phyllis Radke, chairman. Shirley Gutowski, Mary Carney, Bunny Mihovlovich, and Louise Johnson.

Door prizes were won by Mary Carney, Marie Letkey, Evelyn Freund, Mary Haisman and Pat Schrieber.

WESLEY CIRCLE MEETS

The Wesley Evening Circle of United Methodist Church of Antioch will meet on Thursday, Jan. 8 at 8 p.m. at the home of Mrs. Betty Lu Williams, 516 Winsor Drive. Betty Lu Williams will be co-hostess. There will be a discussion program.

A.C.H.S. Honor Roll

HIGH HONOR ROLL
Second Six Weeks—1969-70
To make the High Honor Roll, a student must have 18 grade points and no grade lower than a "B". An asterisk will identify those students who have earned a straight "A".

SENIORS
Debbie Chandler, Robert Hunt, Wendy Jensen, David Longly, Kathleen Mallory, Avis Minger, Rick Nelson, John Prose, Frank Rayniak, Cheryl Reckers, Karen Schleusener, Thomas Toscy.

JUNIORS
Quentin Blanchette, Renee Bolzic, Carol Boreen, Bruce Carlson, Linda Carter, Kathleen

Engagement Announced

Mr. and Mrs. Robert H. Pedersen, of Rte. 2, Box 204, Antioch, have announced the engagement of their daughter, Sandra, to John Bonner, son of Mr. and Mrs. Howard Bonner, of Rte. 2, Box 611, Lake Villa.

Miss Pedersen is a 1966 gradu-

Sandra Pedersen

ate of Antioch High School and a senior at Creighton University, Omaha, Neb., majoring in elementary education. She is a member of the Sigma Sigma Sorority. Bonner is a 1964 graduate of Antioch High and a graduate of Iowa State University with a bachelor degree in dairy science. He is now doing graduate work at Iowa State University. He is a member of Alpha Gamma Rho Fraternity.

An August wedding is planned.

COOKING FOR PLEASURE

FELIPE ROJAS-LOMBARDI

FISH HAS BECOME the nation's "in" food, and much of this popularity can be attributed to an astute gentleman, Wah F. Chin. He is president of Proteus Foods & Industries, Inc., a publicly owned company, and its subsidiary, Sea Host, Inc., an outstanding chain of nationally franchised eat-in or take-out seafood restaurants. Mr. Chin's expertise in the culinary art is well known in the seafood industry, and so we appreciate his recipes for poached fish, and for steamed fish. Here they are:

POACHED FISH A LA CHIN

A simple way to prepare fish is to poach it on top of the range. Place fish portion in a saucepan of salted hot water (enough to cover fish), and bring to a very gentle boil. Reduce heat immediately and simmer for about 5 to 8 minutes or until fish is flaky. Carefully lift fish out of the liquid and serve with lemon wedge or vinegar. You may use cod, haddock or fillet of sole. I recommend a 6 oz. portion for women, and 8 oz. portion for men.

STEAMED FISH A LA CHIN

(Chinese Style)

Wash and dry fish fillets. Rub tops and bottoms of fillets with 2 tablespoons oil. Use a 9" or 10" glass pie plate, depending upon how many pieces of fish you are using. Grease bottom

Cub Pack Christmas Meeting Held

Cubmaster Ray Gallaher opened the Dec. meeting of Cub Scout Pack 192 with Den 9 presenting the colors. Each Scout placed an ornament which he had made in his den on the Christmas tree.

Wolf badges were presented to Frank Johnson and Dick Lemke. Tony Frock and Frank Johnson each received gold arrows. Frank Johnson and Thomas Koenig each received 2 silver arrows. Ray Kerby, Mike Polsgrove and Michael Volling each received a silver arrow.

Bears badges were awarded to Brian Calloway, Jack Ester, Paul Pape and Paul Schroeder. Gold arrows were awarded to Paul Pape and Paul Schroeder. William Dubek received a Denner badge and Darren O'Brien received an Assistant Denner Badge.

Webelos engineer pins were awarded to Paul Mapplethorpe and Kurt Plechaty. Glen Thibedeau received a naturalist pin. Michael Volling was presented a Webelos shoulder badge.

Year pins were presented to Nicholas Blaine, Darren Houghton, Paul Schroeder, Mike Haviland and Paul Mapplethorpe.

Pat Houghton was accepted into Boy Scout Troop 91 by Scoutmaster Dick Harland.

The attendance pennant went to Den 4. Den 5 made hospital favors. Den 9 retired the colors.

Following the meeting, Christmas carols were sung and Santa Claus arrived to the tune of Jingle Bells with goodies for each youngster present. Refreshments were served.

THE CHURCH ON THE HILL INVITES YOU TO WORSHIP ON SUNDAYS AT 9:30 A.M.

Pastor: Philip O. Laurin

By Fran Boxley
The New Year's Eve party at the Moose home was really a grand finale to end the year of 1969. One hundred persons came to wish the new year in. Senior Regent and officers served a smorgasbord.

Remember January 8 is Chapter night program. A coming event: Library Committee will have a cake walk after the second meeting in February. That's Feb. 19. Be sure and come.

Senior Regent and other officers thank co-workers that have prepared and donated food for several function during 1969. This has been greatly appreciated, for more than a Thank You. There are too many names to list for this service and the words cannot describe how we feel. But we thank each and every one.

NI-Gas Sponsoring Television Special

Talented Gene Kelly will be the only male starring with actress Barbara Feldon, comedienne Ruth Buzzi and 50 girls from the Folies Bergere in "The Wonderful World of Girls" television special on Jan. 14.

The one-hour color telecast, to be shown from 7 to 8 p.m. CST over the NBC network, will be a potpourri of song, dance and comedy. The program will be presented by the American Gas Industry and sponsored locally by Northern Illinois Gas Company.

CHRISTIAN SCIENCE CHURCHES

A communion service will be held this Sunday in Christian Science churches. The subject of the Lesson-Sermon to be read is "Sacrament."

The Golden Text in the lesson is from First Corinthians: "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth."

Passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy referring to Christ Jesus read: "First in the list of Christian duties, he taught his followers the healing power of Truth and Love. He attached no importance to dead ceremonies. It is the living Christ, the practical Truth, which makes Jesus 'the resurrection and the life' to all who follow him in deed." (p. 31) Services will be held at 11 A.M. in First Church of Christ, Scientist, BEACON HILL, Rte. 173 & Harden, Antioch, Illinois.

DECIDING HOW BEST TO SERVE

Listen this Sunday to the Christian Science Radio Series for some interesting insights on this question.

TIPS & TRICKS for TEENS

Have your own hair ornament boutique in a box—a sewing box! Teens are discovering the notions counter as the source of unusual accessories for their tresses.

Wide, embroidered ribbons make great headbands—so right for the popular peasant fashions; flower-by-the-yard can be entwined in curls for the romantic look; and pretty braid trim and bindings do double duty as ponytail holders. Short lengths of lace, gathered into rosettes and attached to bobby pins, make beautiful "hairettes". There's no limit to what can be done—just let your imagination have a fling.

Let's get glowing, with the newest way to look fresh and glistening. It's a slick little makeup stick just introduced by Avon, called Glo-Getter. Used alone or over foundation and powder it highlights with a subtle glow of color, creating a soft dewy look. It comes in three shades—peach, tawny and shell. And, it's easily toed in its handy little tortoise case.

Jump for joy into the jumper—the hottest fashion hit for back to school. Favorite fabrics are authentic tartans, giant sized or "mini" plaids. The jumpers can be A-line, full-skirted, or pleated with high-cut, V-necked, or bib-like tops. This fall, if it's plaid, and it's a jumper it's in!

Into the classroom go those colorful totes—op-art, pop art, poster-printed, and wild geometrics—that proved so useful for summer fun. Their size and portability make them just right for carrying all-year gear.

Have a hang-up for your room that you design and make yourself out of those colorful glassy beads you'll find in store decorating departments. Originally intended for use on curtains and shades, the beads can now be purchased in 25 foot strips you can snip apart. Sketch or trace your design on burlap or canvas. Fill in with the beads. You'll have a one-of-a-kind original to brighten up your room.

American Museums Chicago's Museum of Science and Industry

More than a thousand chicks each year—like the one so lovingly held by this young lass—struggle out of their shells and get their first glimpse of the world from inside a special glass incubator in Chicago's Museum of Science and Industry. What they see are the smiles of more than three million people annually, who put a trip to the great exhibition palace on their "must-see" list.

Hatching chicks are among the Museum's 14 acres of lively, educational exhibits which delight, inform, and enthrall visitors of all ages and walks of life.

The first-time visitor finds he must revise his impressions of light, color, sound and motion. He turns cranks, sets dials, presses buttons—and the displays whirl, hum, crackle or thump as they dramatically visualize scientific principles and industrial concepts.

Many of the Museum's most spectacular displays directly involve the visitor by making him become a part of them. Imagine walking through a 16-foot-tall model of the human heart, studying its internal structure while hearing its beat; or exploring the inside of a real, captured German sub; or descending into the depths of a coal mine so realistic people have been heard to exclaim how lucky the Museum was to have found the mine there beneath it!

And, there are 13 theaters where visitors can rest their feet while viewing live presentations or motion pictures covering such topics as electricity, petroleum, microbes, satellite communication, and the story of steel as told by Donald Duck.

Everywhere the visitor turns, he hears the excited voices of children as they discover new surprises, blending with the thump and thud of machines brought to life by the spectator. The Museum of Science and Industry is truly a magic house of discovery where the past rubs elbows with today and trends on the heels of tomorrow.

Lindenhurst News

Mrs. Bernice Bernau

WOMEN'S CLUB MEETING POSTPONED

The Lindenhurst Women's Club meeting has been postponed until January 15, due to the Men's Club holding its meeting on the 8th. The 1970 officers will be installed at that time.

BIRTHDAYS

A very happy birthday is wished to Carol Pietrowski, Gilbert Fleming, Hanson, Kelly Gibbons, Ray White, Connie Nauer, Christopher Tomek, Donald Tomek, Tom Alfieri, Douglas Schneider, Sonja Speidel, Kimberly Erber, Lisa Thompson, Evelyn Lazansky, Brian Nikolai, Ronald Spiegel and Jeff Forster.

ANNIVERSARIES

Our congratulations to Dudley and Shirley Mertes on their 20th wedding anniversary Jan. 8. Also to Jim and Dolores Walsh on their 11th wedding anniversary Jan. 10.

PRINCE OF PEACE CHURCH MEETING

A matter of great importance to Prince of Peace parishioners

will be discussed at a general parish meeting to be held Thursday, Jan. 8th in the Parish Hall beginning at 8 p.m. sharp.

EVENING MASS

Parishioners of Prince of Peace Church may fulfill their Sunday obligations by attending the Saturday Evening Mass that will be held at 7:30 p.m. Those who attend the morning Mass and receive Holy Communion, may also receive Communion at the Saturday Evening Mass.

You fulfill your Sunday obligation only if you attend the Saturday Evening Mass or any of the Masses on Sunday.

BANNS ANNOUNCED

The first Marriage Banns for George Jeffries and Marilyn Hamlin of Prince of Peace Parish were announced during Mass last Sunday.

Also for Raymond Olsen and Agnes Anderson.

ATTEND STADIUM SHOW

The Joe Cassidy family enjoyed seeing Disney on Parade at the Chicago Stadium last week. All of the Walt Disney characters were represented in the children's musical.

PACK 84—DO OR DIE

Russ Bethley, Scoutmaster of Pack 84, is calling a general

meeting of parents of boys of Cub Scout age, 8 to 11 years at the Lindenhurst Civic Center on Jan. 19 at 8 p.m.

This meeting is being held to determine whether Pack 84 will continue or not.

The scouting committee headed by Jim Walsh, will be able after the meeting to answer questions which should lead to a growing and dynamic pack. They would like to see a large pack, so urge parents to do their part and be there.

At the present time the Cub Scouts have no den mothers. Tom Nelson has been taking the place of a den mother and has eight boys in his group. Ron Deftaugh took over the Webelos when Hank Nauer had to give them up. He had five or six boys in his group. Do your part, Mom and Dad, and attend this important meeting.

MEN'S CLUB MEETING

The Lindenhurst Men's Club will install their officers for 1970 at their Thursday, Jan. 8 meeting. Taking office for a second term is Joe Cassidy, president. Bob Bunkelman will be installed as vice president; and Jerry Nordness will also be secretary for a second term. Ted Flanagan will resume treasurer's duties for another year. Ray Parpan, Thor Neumann and Mike Fidanzo will also serve on the executive board.

CHRISTENING

Georgia Ann Schottenbauer, infant daughter of Mr. and Mrs. Robert L. Schottenbauer of 428 Northgate Rd., Seven Hills, was christened at Prince of Peace Church Dec. 28. Her brother, Tony, and sister, Elizabeth, were god-parents.

Veterans who do not want further education or training are provided assistance in finding a job at Veterans Assistance Centers in 21 large cities, as well as at VA offices, locations of which are in the white pages of telephone directories.

Lake County Buys \$912,759 In Bonds

Lake county residents purchased a total of \$912,759 in series E and H United States savings bonds and Freedom Shares in November according to Richard F. Kennedy and Richard D. Newland, Waukegan, Ill., general county co-chairman of the savings bonds committee.

Sales in the state of Illinois were \$25,653,240, according to Clarence S. Sochowski, state director of the Treasury's savings bonds division. This represents an increase of 7.9% over November 1968 and is 8.6% of national sales which were \$288,000,000.

\$52.1 billion in series E and H savings bonds and Freedom Shares was the amount outstanding as of November 30.

G.L. School Yule Party A Success

The annual Christmas program at Grass Lake School treated parents to a tour of Christmas Customs in other lands.

The Kindergarten provided a fine welcome to those in attendance with "Jingle Bells" and "We Wish You a Merry Christmas."

The program under the direction of Mrs. Gwendolyn Hansen portrayed the following customs from different countries:

Sweden, 1st Grade; England, 2nd grade; Germany, 3rd grade; Czechoslovakia, 4th grade; France, 5th grade; United States, 6th grade.

The 7th and 8th grades sang traditional carols, "Silver Bells" and "Winter Wonderland." The final song was "The Virgin Mary" with Bill Beese, Larry Lass, Mike Kelley, Tom Morrison, and Gary Larson accompanying with guitars.

Supt. William J. Hart was grateful for the fine turnout and credited the parents' interest with the success of this annual program.

Saturday Mass...

(Continued from page one)
1st on Sunday morning very burdensome. It is difficult for married couples with young children to get to Mass together on Sundays because baby sitters are less available Sunday morning.

3. Many of our summer visitors come here late Friday evening with their families and leave Sunday afternoon. In the past they would enjoy our beautiful lake country Saturday only because after getting the family ready for Sunday morning Mass and bringing them to Church it was time to go back home. By attending Saturday evening Mass they will have another day—Sunday—to enjoy the lakes, golf courses and other summer sports—really another day vacation.

In the light of all this data and in the light of the response of the faithful to the opinion poll taken in the Archdiocese of Chicago in September, 1969 it is the decision of Cardinal Cody, the Archdiocesan Consultors and the Liturgical Commission that the opportunity be granted to the faithful to anticipate their Sunday observance on Saturday evening, and evening before Holy Days.

Next Saturday, Jan. 10, 1970 at 7:30 p.m. will be a very historical day for St. Peter's Church,

evoked general response, and most important of all, generate thinking. From the discussions comes the triggering ideas that are closely related to a person's specific planning for retirement.

The sessions are open and free-wheeling. If an individual wants to personalize a question, he is encouraged to do so.

"We realized several years ago that you cannot fashion a specific plan that will apply to all retirees," Floyd H. Brown, Illinois Bell Benefit Department said. "We attempt to offer the guidelines based on our experience."

No one is ordered to attend the session. The program is strictly voluntary and is conducted on company time.

There have been people who have refused to plan for retirement. Other firms have the same problem. These people feel they will just drop into retirement. Others fear the day of separation and want to avoid thinking about it.

"Thank goodness we have encountered very few with this attitude," Brown said. "But, in such cases we offer personal consultation covering the same materials used in the group sessions."

Illinois Bell automatically retires a male at age 65. He may retire with 20 years' service at age 60 while a female with 20

years service may retire at age 55. There are other graduations depending on health and circumstances.

Insurance company statisticians show that man from the day he is born can normally expect to live 67 years. However, as he approaches that projected figure his chances of many more years increases. Illinois Bell employees must take care of their health for company records reveal the average retiree lives some 13 to 15 years beyond age 65. Records disclose that many employees live 20 or more years in retirement.

A person must develop an atmosphere of retirement, experts say. Professional personnel workers who are truly concerned with people are concerned about the person who retires without planning.

Illinois Bell's policy is that this shouldn't happen. That is the reason for the five-year plan.

The first thing a retiree must face is some 60 additional hours of free time. The days of full-time employment are gone and so is commuting. Life changes drastically whether a person is ready to face it or not. Living expenses, clothing and food needs, recreation, and a person's purpose in life all change.

During the five-year period before the day of retirement each Illinois Bell employee receives 20 booklets, one each quarter, covering a multitude of subjects. The spread of time allows for reading and planning, Brown said.

The booklets are tuned to subjects such as: Financial Problems—Making Ends Meet, The Question of Housing—Deciding Where to Live, Mental Health—Having Peace of Mind, Social Security—What's Coming to You, Legal Affairs—Protecting Your Rights and 15 other booklets.

Much of what is discussed in the booklets is covered in the one-day seminar. This is planned so that upon reading the person re-triggers ideas first heard in the planning session.

We do this in order to wipe out any misunderstandings that might crop up," Brown said. "Many people hesitate or fail to go to the right source for expert information. They enter a pre-retirement session with some unfounded ideas. Once the correct information is given they can start planning based on factual material."

A great number of questions during the seminar come during the legal session. While, transfer of property, probate, gifts, taxes, estate planning, and death are just a few of the main points covered.

A lawyer knowledgeable in the field of estate planning addresses the group. He does not handle individual cases but explains the steps a person should take to set his house in order. Each retiree, if he feels the need for legal aid,

is advised to contact a lawyer and discuss the problems of his specific situation.

Many people have worked a lifetime to accumulate some wealth, but have failed to draft a will or say how they want that wealth to be handled in the event of their death. By raising the legal questions Illinois Bell hopes to induce a person to see a lawyer for proper estate planning.

Pension plans in some companies have been operative since the early 1900's. Many companies for years talked about a plan, but did little if anything until the late 1930's. The emphasis on scope has increased in the last 20 years.

In the last 10 years many companies have added medical benefits to their pension plans. This came about as a result of those in retirement living longer and needing more medical attention than in younger years.

The advent of Federal health plans such as Medicare have necessitated a change. Most company plans are now tailored to augment the Federal plan.

Illinois Bell adds new benefits to the pensioners' plan as they are made part of the full-time employees plan. The firm administers a Special Medical Expense Plan for retired employees. Two other plans are operative for full-time employees.

Inflation has taken its toll on pensioners. Illinois Bell has increased the pension allotment as the times call for it. Company records show that many pensioners who retired in the early 1940's are now drawing more pension money than that person made in regular salary as a full-time employee.

Brown said the company feels that the combinations of monies from pension, Social Security, savings and other sources should be sufficient to sustain the retired couple or person. Illinois Bell also feels that the pensioner's family has some responsibility to the parents.

Contrary to popular belief, all pensioners do not run away from the Chicago area to a retirement village in sunny Florida, California or Arizona. A majority of Illinois Bell's pensioners, 6,000 plus, continue to live in the Chicago area.

The change has come as a result of climatic housing, close ties to friends, church associations, and the wife's social circle and interests.

Many men seldom realize that their wife has led a double life. Upon retirement they learn that the church, social circle and friends have filled many extra hours not occupied with home-making.

To uproot his wife and move her to that ideal fishing spot he has dreamed of for 10 years now becomes a major problem. And

on second thought, can a man fish and be happy for some 60 hours a week all year long?

One of the main keys to a happy retirement is the husband and wife can communicate. Retirement experts agree that both must be able to maintain communication on even the most trivial thing that happened during the day. They should be able to relate what has happened at home and work. Because a couple spends so much more time together during retirement they must be able to talk in order to fill the void.

Experts say that if they are unable to do so prior to retirement, they will face greater difficulties during retirement. In fact it is considered so important that Illinois Bell provides their pensioners with a booklet entitled "Family Matters—Getting Along Together" that covers the subject.

A wife's interests has a great influence on what the man does or where they live in retirement. This is why many companies have or are taking a second look at their pre-retirement planning.

Some companies are now conducting pre-retirement sessions that include both the husband and wife.

Illinois Bell's look is comparatively deep inasmuch as the firm tries to look at the total retirement picture. The in-depth picture should include husband and wife as a unit, and the relationship of children if there are any.

A coming trend in the field, experts say is to start looking at a person's retirement period the second day they are on a new job.

Some 30 people at Illinois Bell work directly with those who are scheduled for retirement and the ones already retired.

The company believes that it should not lose contact with a pensioner, so at least once a year that person is either visited or contacted by phone. A status or condition report is made so the company knows just how their pensioners are faring.

In order to help pensioners continue to expand and plan, Illinois Bell supplies each one with a monthly newsletter called "The Retirement Advisor." The material deals with health, annual physical checkup, avoiding home accidents, frauds, vacations, home decorations, and many other topical subjects.

Americans are living longer and retirement periods will be longer. In order to continue to open the labor market, which is one of the primary reasons for retirement, people will eventually retire at a younger age. Unless the planning takes place in early life many people are going to be unhappy in what has come to be called "The Golden Years."

Thousands of Cook and Lake County eighth-graders have reserved Saturday morning, Jan. 10, for making their first formal appearance at the Catholic high school they hope to attend as freshmen in September.

An estimated 18,000 boys and girls are expected to report before 9 a.m. to write the three-hour placement examination required of applicants for admission by all archdiocesan high schools.

Observance of a uniform application day clarifies for the schools the demand for fall admission, and eliminates multiple applications which still trouble college admissions offices.

Testing will begin at 9 a.m. in all schools, and candidates should arrive earlier for necessary preliminaries, the Rev. Thaddeus O'Brien has advised. He is associate superintendent in charge of high schools for the Archdiocesan School Board.

"Students who for some reason cannot write the examination on Jan. 10 should be certain their parents are in touch with the high school of their choice to explain the situation," Father O'Brien said. "They may be able to be assured of a place in the freshman class if the school knows early enough of their candidacy."

Students pay a \$5 fee to cover the cost of the standardized test used, and its scoring by an outside agency. Test results help the school counsel the incoming freshman and assign him to appropriate classes.

Archdiocesan high schools are open to students wishing to attend them, regardless of their home address, except in the case of St. Paul High, at 6435 W. 59th St. Because its students attend Kennedy High School part of each day, they must live in the district which that public high school serves.

NI-Gas, the country's sixth largest natural gas distribution company, added approximately 43,000 new customers during the year bringing the total number of customers served to more than 1,058,000.

"This figure includes approximately 7,000 new customers added by the company's wholly-owned utility subsidiary, Great River Gas Company," explained NI-Gas Chairman Marvin Chandler.

Another major event for NI-Gas in 1969 was the discovery of coal deposits, with possible commercial value, in central Illinois. Evaluation of the quality, quantity and recoverability of the coal—discovered while the company was searching for underground areas to store natural gas—is proceeding concurrently with NI-Gas' program of acquiring these indicated coal reserves.

"Of great interest to NI-Gas are the gas properties of Mid-Illinois Gas Company, a subsidiary of Commonwealth Edison Company," Chandler said. "Our company recently entered negotiations with Edison on possible acquisition of these properties."

Mid-Illinois provides gas service to some 100,000 customers in about 70 communities, including Rockford, Freeport and Lincoln. NI-Gas currently serves 491 communities.

NI-Gas is also active in exploring for new gas supplies. NI-Gas Supply, Inc., the utility's exploration subsidiary, presently owns a one-sixteenth working interest in a discovery well in the Elk City area of western Oklahoma. Further drilling is required to prove the existence of large gas reserves, explained Chandler.

NI-Gas Supply is also participating in other activities for locating additional reserves.

For Northern Illinois Gas Company, 1969 was another year of growth and record-setting.

NI-Gas, the country's sixth largest natural gas distribution company, added approximately 43,000 new customers during the year bringing the total number of customers served to more than 1,058,000.

"This figure includes approximately 7,000 new customers added by the company's wholly-owned utility subsidiary, Great River Gas Company," explained NI-Gas Chairman Marvin Chandler.

THE ANTIOCH NEWS-7

Antioch Dumps Grant

After a very successful holiday tournament at Rockford, the Antioch Sequoits returned home to play Grant. Opening the conference play, the Sequoits beat Grant 59 to 58 last Friday evening.

The Sequoits moved to an early lead as their defense held Grant in check and the fine passing of Steve Bentel and Marty Romaine to Keith Bolton resulted in some easy baskets. Bolton lead the scoring in the first quarter with 10 points, as the Sequoits moved to a 16 to 9 lead. The big factor was the tight zone defense employed by the Sequoits.

In the second quarter Grant was still having trouble with the zone defense. The Sequoits continued to increase their lead and at one point lead by 12 points. In the last two minutes, three turnovers hurt the Sequoits, as Grant took advantage, to cut the lead to 9 points at half time, 30-21. Quoted Coach Andrews, "It was by far our best defensive effort of the season."

During the early stages of the third quarter Grant closed the Antioch lead to 3 points on a couple of occasions. Bolton paced the Sequoits in the quarter with

3 baskets, 2 of which were rebounds.

With five minutes remaining, the Sequoits were leading 49 to 39, but at this point Grant started a comeback. Led by Pinkowski, Bereliter and Taylor the Bulldogs finally closed to within two points, 53-51. From this point Jeff Sterbenz and Tom Martin proved to be the heroes for the Sequoit cagers.

Sterbenz hit a basket and two free throws, while Romaine hit a free throw to give the Sequoits a 58 to 55 lead. A short time later Pinkowski hit a free throw to narrow the score to 58 to 56, but with only 4 seconds left Martin was fouled and given two shots.

Martin missed the first, but switched the second for a 59 to 56 lead. Grant called time out and after the time out the Sequoit cagers let Taylor score as the game sounded.

Asked about the game, Coach Andrews stated: "It was great to beat Grant, we feel the kids did a fine job, as it was their fourth

game of the week. Our defense was the best it's been all year, let's hope it continues. Tom Martin did a fine job as did Sterbenz and Bolton. It looks like we are really coming along. How about those beautiful passes by Steve Bentel and Romaine, they sure were sharp," added the Sequoit mentor.

Jogging Is Great, But...

To jog, not to jog, or how to jog—that is the question being raised by some doctors, the President's Council on Physical Fitness and Sports, a major life insurance company, an Olympic track star and the National Jogging Association itself.

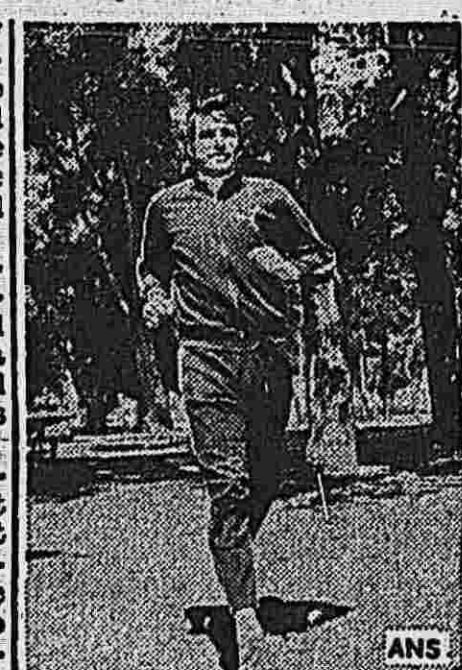

Jogging has attracted hundreds of thousands of Americans, of both sexes and all ages, as a form of exercise, a means of weight control, and fun and fun. Books and articles have been written about it.

Jogging is universally approved, but with important reservations. Precautions that should be observed are contained in a 60-second public service film being distributed to 200 television stations throughout the nation by The Equitable Life Assurance Society of the U.S.

In the film, Billy Mills, the only American to win the Olympic 10,000 meter run, gives this advice:

• "First, get a medical check-up and your doctor's OK before beginning."

• "Second, take it easy at first, mixing walking with slow jogging, especially if you've been inactive for some time."

BILLY MILLS
Jogging Enthusiast

Build up only gradually to continuous running.

• "Lastly, never try to keep up with the youngsters or do too much at once. You'll find plenty of challenge and fun in sticking to your own pace."

The film bears the official endorsement of the President's Council and the Jogging Association.

VA Pays Up To \$250 For Burial

Up to \$250 for the burial expenses of an eligible deceased veteran will be paid by the Veterans Administration without regard to whether the interment is in a national cemetery or a private burial place, according to

John B. Naser, manager of Veterans Administration's regional office in Chicago.

The VA spokesman said that the allowance is payable in the case of a wartime veteran, including those who have served after August 4, 1964. He added that peacetime as well as wartime veterans are eligible for burial in any national cemetery that has available space. The only requirement is that their last period of active duty must have ended with an honorable dis-

500 Entries Maximum For Derby

EAGLE RIVER, Wis.—The field for the seventh annual World's Championship Snowmobile Derby, Jan. 23-25, at Eagle River, Wis., will be limited to 500 drivers, and their entry deadline is Jan. 15, whichever comes first.

As in past years, race officials are confident that the United States Snowmobile Association sanctioned event will draw its full limit of drivers. Perennially, the Eagle River events have drawn top drivers and top crowds to witness some of the most torrid snowmobile action ever seen. This year, the equally popular Hodag Marathon, at nearby Rhinelander, is held the week prior to the Eagle River events. With the separation of the two major events into two different weekends, Northwoods residents and businessmen expect capacity business in both communities and their surrounding areas.

The sponsoring Eagle River Lions Club is guaranteeing a minimum purse of \$10,000 for the closed course and speed-obstacle competition being held on Jan. 23 and 25; and an additional \$5,000 for the world's championship feature race set for 3 p.m. Jan. 25.

Contingency awards, cash and merchandise could swell the prize total over \$25,000 as was the case in 1969. In addition, the Miller Brewing Company of Milwaukee will award its famous champagne bucket trophies to all first place winners and its standard trophies to all second place winners.

A new event scheduled in conjunction with the Eagle River races is Manufacturers' and Family Day, Saturday, Jan. 24. Beginning at 1 p.m., snowmobile enthusiasts will have an opportunity to view factory exhibits and test drive snowmobiles over a portion of the world champion course.

Driver inquiries for registration blanks, housing information, and general race data may be sent to the World's Championship Snowmobile Derby, Eagle River, Wis. 54521.

Donations To Rescue Squad

Recent donors to the Antioch Lions Club Rescue Squad Fund include:

Little Silver Lake Improvement Association, in memory of Elsie Christensen and Marie Kloss.

Delinger, Charles Steger, Mark Turner, Ted Schmitz, Chester W. Schultz, William Keulman, Mr. and Mrs. Frederick Hausel, Augusta Buerckel, Mr. and Mrs. Nicholas F. Lutz.

Kenneth Liddle, Don Pouker, Roy C. Lance, Paul Tralowski, Charles Payne, Local Heating, Inc., Wanda Olfedahl, Philip Crone, John L. Craner, A. J. Doney, Mr. and Mrs. Eugene Simonsen, Florence E. Erickson, Chuck Waters, John Stecher, John C. Skallish, Edwin J. Mors.

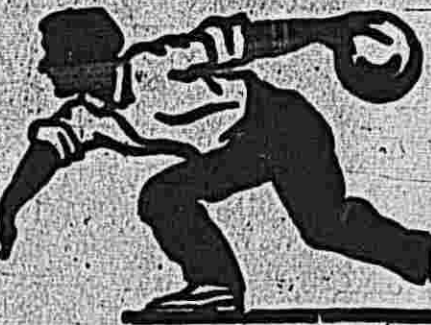

charge. National cemeteries open in this state are at Camp Butler (Springfield); Mound City; Quincy; Rock Island, and Allon.

Administered by the Department of the Army, the benefits are for grave site and actual interment in the national cemetery including opening, closing and marking the grave.

The Army also furnishes a headstone or grave marker for deceased veterans buried in unmarked private plots.

Information and assistance on filling for these Army-administered benefits will be furnished by any VA office, he said.

Claims for the burial allowance may be filed with the VA within two years after the veteran's burial or cremation. The claim may be filed by the undertaker, if he has not been paid, or by the party who paid the undertaker, Naser said.

BOWLING

THE PREPS

SATURDAY, JAN. 3, 1970

High team series: Springfield Water 749-782-827-2368.

Snowmobile Race Hosted By Local Club

On Sunday, January 11, 1970 the Polar Pairs Snowmobile Race Club is sponsoring their Second Annual Snowmobile Race at Breezy Lawn Farm, located on Rte. 173, four miles east of Rte. 12, and seven miles west of Antioch.

Registration for drivers will be open until 9:30 a.m., with races starting promptly at 10:00 a.m.

This will be the largest snowmobile race in Northern Illinois and Southern Wisconsin. Anticipating 300 or more entries, from the expert driver in the Modified class to the Powder Puff class for the ladies, this race promises many thrills and spills over a three and one-half mile cross country course, which offers excellent viewing for the spectators.

Refreshment stand and wash room facilities will be available. Races will start promptly at 10 a.m., with a very colorful and breath taking sight as all Snowmobiles and drivers make the famous Polar Pairs Parade Lap.

prises-1. Retail Clerks Union 2; Antioch Dairy Queen 1. Antioch News 3; Holiday House 0. Fox Lake C.C. 2; BZB Tap 1. Jim's Standard 3; Farmers Inn 0. Hartnell Chev., Inc. 3; Anderson Heating 0.
